Dawn:

I'm not sure who Franklin will have participate in the briefing...I've asked Carol for confirmation.

Also, the meeting was rescheduled for April 15...not sure about the time.

I'll let you know as soon as I hear anything.

Thanks, Brad

Is it ok to sit in on this or would you rather us just wait for the recap from you? Doesn't matter to me.

Dear Mr. Hill,

Mosaic Fertilizer is looking forward to meeting with you at your office in Atlanta on March 18 between 10:00-12:00 to discuss radiation on mined lands. I have attached a letter to you which outlines some areas for discussion during the meeting. Please contact me if there are suggestions for the discussion that you or others at EPA may want to include. We look forward to seeing you on the 18th.

Regards,
Debbie Waters
